<https://minahilmuhammad.netlify.app>

FRONTEND DEVELOPER

I can create clean, efficient, and scalable code to build engaging user interfaces. Ensuring that websites look and function flawlessly on any device.

SKILLS

- HTML / CSS
- Tailwind CSS
- Javascript
- React Js
- Typescript
- Git / Github

PROJECTS

Brainwave

<https://brainwave-landingpage.netlify.app>

In building the Brainwave landing page, I delved deep into React.js, scroll-animations and leveraging Tailwind CSS for responsive design.

LawConnect

<https://lawconnect1.netlify.app>

Creating LawConnect was an insightful journey into React.js, where I integrated react-crousels and utilized React hooks for dynamic functionality. Used Tailwind CSS for a responsive and visually appealing interface.

Dashboard App

<https://openshop-dash.netlify.app>

Developing the Dashboard App, I explored React Router DOM for seamless navigation and Recharts for data visualization.

Taskifies

<https://taskifies.netlify.app>

Building Taskifies allowed me to dive into TypeScript with React, ensuring type safety and robust state management through React hooks.

WeatherApp

<https://minahil-muhammad-moiz.github.io/react-weather-app/>

Creating the Weather App was a practical exercise in using React, tanstack/react-query, and Axios to fetch real-time weather data from the OpenWeatherMap API. This project enhanced my skills in API integration, asynchronous data fetching, and creating responsive web applications based on user input.

CartApp

<https://github.com/Minahil-Muhammad-Moiz/react-redux>

In developing CartApp, I learned the intricacies of React and Redux for state management.

EDUCATION

DCS UBIT, University Of Karachi

Bachelors of Software Engineering | GPA - (3.4)

Jan 2022 - Dec 2025

Bahria College Karsaz

Pre-Engineering - (94%)

July 2019 - July 2021
